

Paris Charles De Gaulle Airport guideline for slot swaps:

From July 1st slots allocated by the coordinator at CDG airport **outside the night restriction period (0-04h59 LT for departure) or (0h30-05h29 LT for arrival)** may be exchanged for slots inside these respective periods if :

The slot swap is carried out in accordance with EEC95/93 on common rules for the allocation of slots at community airports.

The slot swap request is notified by air carrier to the coordinator :

- i) during coordinator opening office hours
- ii) at the latest during the first opening day after the day of operation

No slot swap will be accepted by the coordinator when :

- i) none of air carrier have allocated slots during night restrictions period or
- ii) coordination parameters are not respected

For each IATA scheduled season a **statement of these swaps is transmitted to the French Civil Aviation by the coordinator.**
