## CDG (PARIS/CHARLES DE GAULLE)

### Increase of capacity for S19 :

The Paris airports executive Coordination Committee met on September 24th, 2018 and reviewed the coordination parameters at Paris Charles de Gaulle (CDG) for the summer 2019 scheduling season (S19).

The French Civil Aviation (DGAC) consequently decided a slight increase of capacity.

Please refer to COHOR Website for the new detailed coordination parameters applicable at CDG as from S19.

## ORY (PARIS / ORLY)

Since 06 October, 1994 a French regulation has limited to 250,000 the total number of slots the Coordinator may allocate for 2 consecutive scheduling periods (Summer and Winter). Each carrier having requested slots at ORY received in the SI part of its SAL its authorized quota for S19 based on **30 weeks**.

## NCE (NICE CÔTE D'AZUR)

NO runway works for S19

Please refer to COHOR Website for the detailed coordination parameters applicable at nce as from S19.

## FSC (FIGARI)

### Schedules facilitated :

For summer 2019 (S19) the airport is schedules facilitated all days of the week from March 31st to October 27th, 2019

All traffic types are concerned by the schedule facilitation process season.

For commercial aviation, airlines shall submit their schedules directly to COHOR by SCR or with e-airportslots. For General and business aviation, operators shall file their requests via the airport managing body which is also the local handling agent. Find all facilitation parameters, contact details and other information on [www.cohor.org](http://www.cohor.org).

Next meeting of the French Airports Coordination Committee (**CCAF**) will be held on :

**11th January 2019**

DGAC Auditorium  
50, rue Henry Farman  
PARIS 15ème

Airlines entitled to attend the **CCAF** meeting are listed on [French DGAC's website](http://www.dgac.fr).

Job opportunities

## RUNWAY WORKS AT PARIS ORLY AIRPORT DURING S19

**Paris Aéroport** needs to make important works on runway 08/26 at Paris Orly airport from end of July 2019 until the beginning of the season W19.

This runway is more than 60 years old and even if some renovation works were regularly made, the runway needs now to be completely demolished (at a depth of almost 1 meter) and rebuilt. The works will be particularly complex because the runway crosses another active runway (02/20) and a major road of Paris area over a bridge.

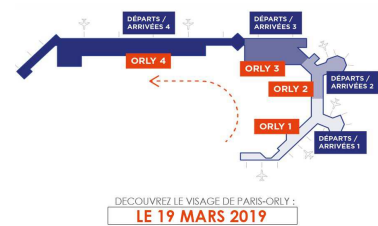

French Civil Aviation authorities (DGAC), Paris Aéroport and COHOR would like to take the opportunity of the Slot Conference in Madrid to make a joint presentation of the project. The length and the schedule of the works will be presented as well as the impact of the airport capacity and the consequence for carriers.

This presentation will be held during the Slot Conference in the Madrid Marriott Auditorium on Wednesday **14th of November from 16:00 to 17:00** in room Frankfurt.

## ORLY PASSENGER TERMINAL NOTIFICATION

On 19 March 2019, a new terminal building will open at Orly Airport In Paris. The new building will connect the current terminals Orly South and Orly West. As a result, the terminals will be re-designated as follows:

Orly-Ouest will be renamed as Orly 1 and Orly 2  
New section will be named Orly 3  
Orly Sud will be renamed as Orly 4

## FRENCH AIRPORTS:

Coordinated :

### IATA Level 3 :

- PARIS CDG
- PARIS ORY
- LYON LYS
- NICE NCE

## ON LINE COORDINATION

<https://e-Airportslots.aero>

## JOB OPPORTUNITIES WITH COHOR:

## Join COHOR's team

Cohor manages level 1, level 2 and level 3 airports: flights are coordinated and schedules are optimized in order to make the best possible use of airports scarce capacity and to increase as much as possible the satisfaction level of COHOR's airline customers.

COHOR is looking for:

## Coordinators and functional analysts:

Coordinate the schedules of a portfolio of airlines and/or be responsible for the whole schedules optimization of an airport. Challenge and improve our processes and our systems by proposing enhancements and by specifying changes in our systems.

## IT manager:

Guarantee a high level of performance, reliability, security and data integrity of our systems. Manage the relation with COHOR's subcontractors and partners. Support external and internal users.

If you are interested, please contact Antoine Lapert ([antoine.lapert@cohor.org](mailto:antoine.lapert@cohor.org)).
